

# ***Go Tell the Spartans***

Addenda to the Second Edition Rules as of August 1st, 2022

## **The Rules:**

**3.3.2 ZOCs (clarification):** A unit never stops projecting a ZOC into its front 3 squares, even if engaged in melee.

## **The Charts:**

**PAC (correction):** There is a typo on the PAC under "Unit Types." The symbols for "Hoplite-Type" and "Javelin Armed" are switched. So the Spartans are indeed Hoplites. The counters themselves are correct, as are the rest of the charts
