

WELCOME

Welcome to *Against the Odds* 2009 Annual. This year we look at the art of siege through several centuries starting with our Verdun game, designed by Roger Nord, the designer of our popular *Big Push* game. From there we travel the globe from Londonderry to Bhurtpore to An Loc, and for those tired of manning the siege lines, an interesting look at solitaire gaming. Come inside and see what we're all about. If you aren't a subscriber, this might be a good time to consider it, but for now, they're coming over the walls again! Thanks!
Andy Nunez, Editor

VERDUN: A GENERATION LOST
